Hello TVC Carvers, the Alameda County Fair event is almost here again! Timing this year for preparations for fair is really close! This year we will be delivering our entries and starting work on the club display cabinet on June 12th at 10am. Since we have a club business meeting on the 13th, you can also bring your entries and your best carvings to complete the display on Saturday at the fair after the meeting. The Fair theme this year is “Rock the red white and blue.” Ken and I are carving a sculpture of a free standing face and hands playing a trumpet. We are using music notes on a scale as a part of the sculpture. This is Ken’s idea to cover the “Rock” in the Fair’s theme. Ken is carving the face and I am carving the hands holding the horn. Mike is working the music scale and notes for the sculpture. We will, as usual decorate with the flag banners and red white and blue cloth. This fits really well for the theme. We will be having our woodcarving demos and the kid’s soap carving event on “Kids Day Fridays.” A signup list for the demo and soap carving is available from Paul Fackler. It is important to get on the list, so receiving free Fair entry and parking tickets can be established. You also can see who your “Carving Buddy” is for a particular time. We will be passing out flyers for our show and selling raffle tickets, so we will coordinate a carver with the raffle prize tote and monies each day. Big thanks to Lydia and Bill Bender for the raffle prize effort again this year! We are showing off our Clubs carving diversity again this year, so we need your best carvings for the display cabinet. Remember to bring your carvings for the display and your entries on the 12th or Saturday 13th after the meeting, so we can put the display together. We will complete the display in the afternoon.

Our TVC wood carving teaching sessions at the East Bay Innovation Academy and Pleasanton schools are complete for this year. We had 28 kids wood carving in the classes total this year. The carvings at Vintage Hills School are owls and 12 kids are entering their carvings for judging at the Alameda County Fair. At the Academy, we carved River Otters and some wrens and 5 kids entering their carvings, some with two carvings. Our club is sponsoring the kid’s carving this year in the Fair’s youth wood carving competition. Thanks again to club members Paul Fackler, Rick Jensen, Bob Kehl, Ken Morgan, John Peterson, Rose Rodriguez & Mike Pocha for volunteering their time each week for the past school year in the public school system to teach these students the art and the joy of wood carving.

Only four TVC members entered carvings or turnings in the Santa Clara Show this year.

Birthdays!

So far, our records show 7 members born in this month:
**Cy Crosby, Claudia Fernandes, Bob Howarth,
 Mike Pocha, Barbara Scoles, Alice Shaffer,
 & Al Steinberg**
Happy Birthday!

If you were born this month, please tell our Editor,
 Mike Pocha (see front page for contact info.).

From The Prez (cont)

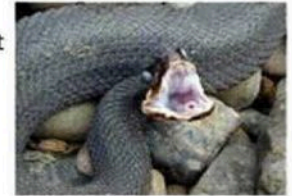

The club had two tables again this year for presenting soap carving for the kids and selling our soap carving kits. We had only minimal action for the soap carving this year with the kids, however sold 17 soap carving kits to adults. A hearty thanks to Paul Fackler, Ken Morgan, and Mike Pocha that worked the Santa Clara tables this year teaching soap carving instruction!!

“THINK ABOUT’S”[©]

Jack Daniels Fishing Story

I went fishing this morning, but after a short time I ran out of worms.

Then I saw a cottonmouth with a frog in its mouth.

Frogs are good bass bait.

Knowing the snake couldn't bite me with the frog in its mouth, I grabbed it right behind the head, took the frog, and put it in my bait bucket.

Now the dilemma was how to release the snake without getting bit. So, I grabbed my bottle of Jack Daniels and poured a little whiskey in its mouth. Its eyes rolled back, and it went limp.

I released the snake into the lake without incident and carried on fishing, using the frog.

Not long after, I felt a nudge on my foot. It was that damn snake ... with two more frogs.

Life is good.

“To all you fishermen/women, do you think this might be worth a try?” jc

Opportunity to enter late carvings to the Fair

Maureen, the Hobby Bldg. coordinator, is making an exception to the “deadline date” for entering carvings in the Fair. She is encouraging anyone from the Club to bring them to the Hobby Bldg., Friday, June 12, 10:00-8:00 or Saturday, June 13, noon-8:00, and she will gladly accept them. Our meeting is on Sat., 6-13, so you

could bring them over after the meeting. There...you have a few more days to finish that project!

Bulletin Board

[:] **Bob Larsen Update:** Bob Larsen got a nasty 'bug' after their 3 month cruise and after being hospitalized for several days he is now under 'home care' and getting stronger all the time. Bet he would like a card from some of you to cheer him on, check roster for address. *Bob, we all are thinking positive thoughts, all this wood misses you!*" (reported by jc)

[:] **New Restaurant for TVC Show Dinner:** The new restaurant for our dinner on Saturday night, Sept. 19, will be a short walk across the street from the Vets' Hall to **the Gay 90s Pizza Restaurant**. We will be eating dinner from 4:00-6:30ish. Each can order what they wish from the extensive menu of pizzas and Italian cuisine. We will re-print the menu in the August Newsletter. You may turn in a dinner order forms [available soon] to Paul. Deadline to order is Monday, Sept. 14. [You may also email your order to me at pdfac@comcast.net] Each couple/individual will pay the waitress for their own dinner and beverage order. "Mangia bene!"

[:] **First TVC Member Whittling Contest: ALL "Little People" CARVINGS DUE AT OUR NEXT MEETING, SATURDAY, JUNE 13.** All carvings will be judged by 3 non-participants and should be no taller or wider than 3". If a stand is added, it does not count as part of the 3"; only the carved object will be judged. The judging classes will be Jr., Novice, Advanced, Expert, with 1st, 2nd, 3rd prizes of \$10.00, \$5.00, \$2.00 for each class. The judges will be looking for **Artistry** [utilization of medium, 3-D features, composition] and **Carving Skills** [degree of difficulty, technical skill, finish].

[:] **Maker Faire:** From all accounts, the 10th annual Maker Faire, held at the San Mateo Fair Grounds May 15-17, was well attended and quite successful. Over the three days of the Faire, billed as the "Greatest Show and Tell on Earth", Bob, Mike, Joel, and Ken were able to speak to many potential carvers. Ken thinks, "Over the twenty hours of the show, we probably shared carving with more people than we have over the past twenty months. The walkway between the TVC booth, and the booths across from us, was as wide as a street and at times totally filled with people. Every so often remote control robotic vehicles, one looking like a UFO, would go by. **We got several comments on how good our carvings looked and how refreshing it was to see something handmade and detailed, rather than computer generated or 3-D printing!** Ken Morgan made a game out of asking people to guess the names of movie sidekicks. He had Donkey from Shrek, Scat from Ice Age, and Waldo. It was fun watching one little girl (about 6 years) "carve" a piece of wood by using a mallet to tap a gouge that Ken held in place. You can't top this event as an outstanding "PR" opportunity for woodcarvers to share their passion with potential new members to our clubs. We hope that next year more clubs will be able to share the Maker Faire with us. ~ Mike and Ken ~

[:] **Member Photos Needed:** Hey, Tri-Valley Carvers! Want your own web page in the Tri-Valley Website? You can have YOUR art featured with any type of wood art you have created! Please email your carving, burnings and turnings pictures to Lydia Bender at lydiabender@live.com. Please also provide a picture of yourself so we can see who crafted your beautiful works of art. If you would like Lydia to take the photos, just contact her. If you want to send a disk or photo clip instead, no problem, just contact her. ~Lydia~

[:] **Monthly Show and Tell:** Requested format: 1) Created by member and completely finished; 2) Type of wood, if known; 3) Steps in creating the piece; 4) Approximate time required. NOTE: If possible, please let Bob Kehl know in advance what you are bringing.

[:] **Send or give your News items; Wanted or For Sale items, or Interesting Info** to Paul Fackler to be posted on our Club **Bulletin Board** for all to see.

Infinity Table: Student's First Woodworking Class Project

Think back to high school woodworking class, if you took one. Was it painfully dull, consisting of making a little birdhouse? This sophomore took it WAY beyond what you would expect. It's not just your regular table, as you can see.

Follow how he did it, step by step, on
